## **Spring Provider Training**

### **April 28, 2021**

The Division of Quality Improvement (DQI) is hosting its annual Spring Provider Training. This training will present information on current topics impacting service delivery and service providers. Topics include:

- Statewide Standardization of Levels of Supervision
- Jonathan's Law: Notification, Record Access, and Documentation Requirements
- Meeting Incident Management Requirements
  - Timeframes for Investigation, IRC, and Other Agency Activities
  - Immediate Protections
  - Other Important Reminders
- COVID-19 Safeguard Self-Assessment Tools
- Understanding Sepsis
- Development and Implementation of an Effective Plan of Corrective Action (POCA)
- Heightened Scrutiny Update
- Overview of Recent Regulations and Administrative Memorandums (ADMs)
- HCBS Waiver Oversight: Department of Health Life Plan Reviews
- ICF Updates

**Registration:** This event will be conducted using a Webex webinar format. Register for the training through the Statewide Learning Management System (SLMS). If you have an account, click [DQI Spring Provider Training](#) to sign in and enroll; or search SLMS using the Class Code: Webex-PT-Spring-20210428-10A. To create an account, visit the [SLMS](#) page on the OPWDD website. **If you have any questions, contact Talent Development and Training at [talentdevelopment@opwdd.ny.gov](mailto:talentdevelopment@opwdd.ny.gov)**

Please note that changes have been made to increase attendee capacity in Webex. These changes may result in limitations for people calling into the Webex. We encourage attendees to use a device such as computer, tablet, or smartphone speakers for audio, instead of the phone-in option. A microphone connection is not required for attendees during this webinar.

On the morning of the training, the agenda and any supplemental documentation will be available in the "Notes and Attachments" tab on the SLMS Class Details page.
