

# DRAW ANYTHING YOU WANT

## 2- Drawing Classes

(ongoing @ CAC)

Every Tuesday

10:00 am/1:00 pm & 1:30/3:30 pm

\$25.00 ea.

If you are frustrated your drawings are off, not drawn well, misshapen, this is the class for you.

Both classes will show how to construct any form or object and create amazing finished drawings.

The class also covers design, composition, placement, lines, shading, dimension and perspective.

These are fun classes designed to make your drawings better and increase your skill. Absolutely!

You will learn to stop looking and "see" how things are made and connect. You will notice mistakes and learn how to fix them.

### ***Supplies needed:***

18x24 newsprint pad.

Several General 6B extra soft charcoal pencils.

Stadler hard eraser.

Kneaded eraser.

Stick of white blackboard chalk.
