FEATURES

April 2024 Photo Challenge

FEATURES

In photography, FEATURES refer to the distinctive and eye-catching aspects of a subject or scene. These FEATURES can be visual elements like patterns, textures, shapes, or colors.

FEATURES—such as light play, textures, and patterns—add depth and intrigue to images. They serve as powerful tools for storytelling, capturing emotions, and providing context in photojournalism.

EXAMPLES OF FEATURES

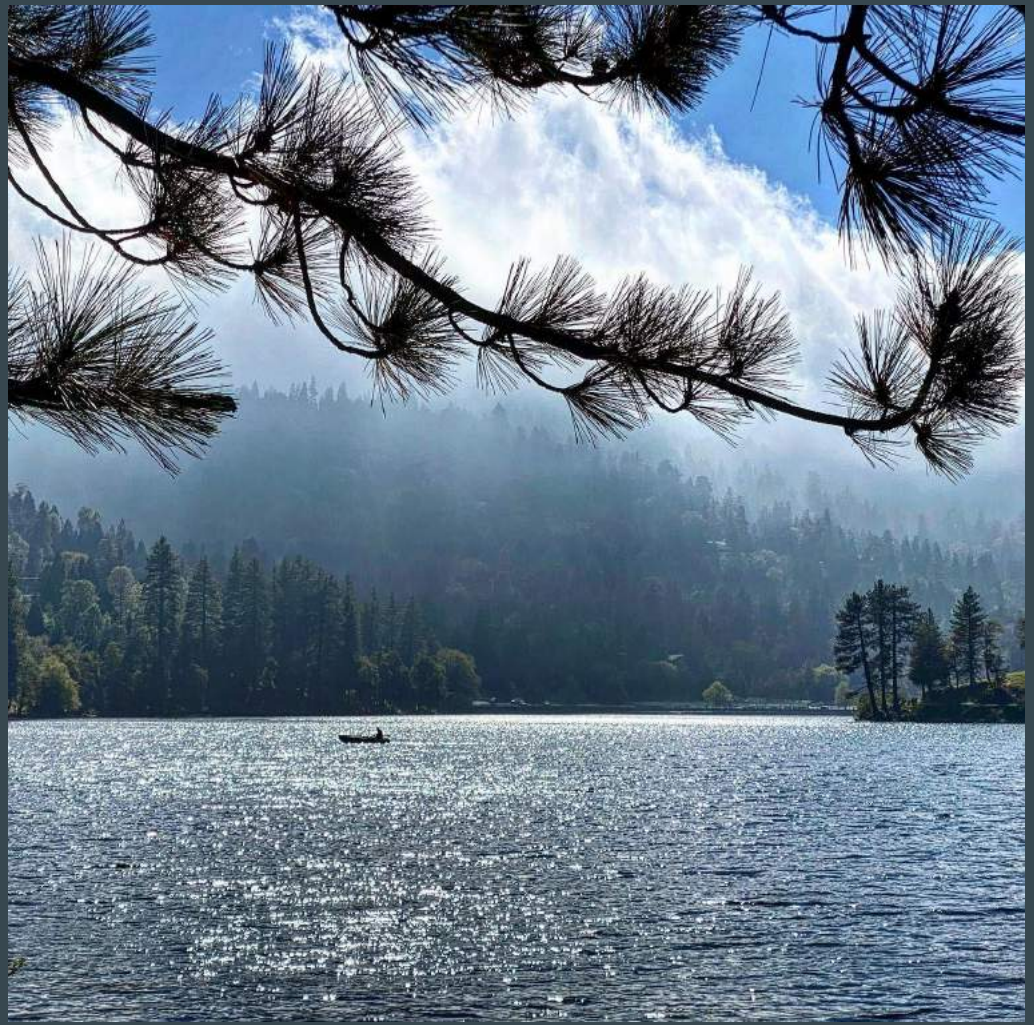

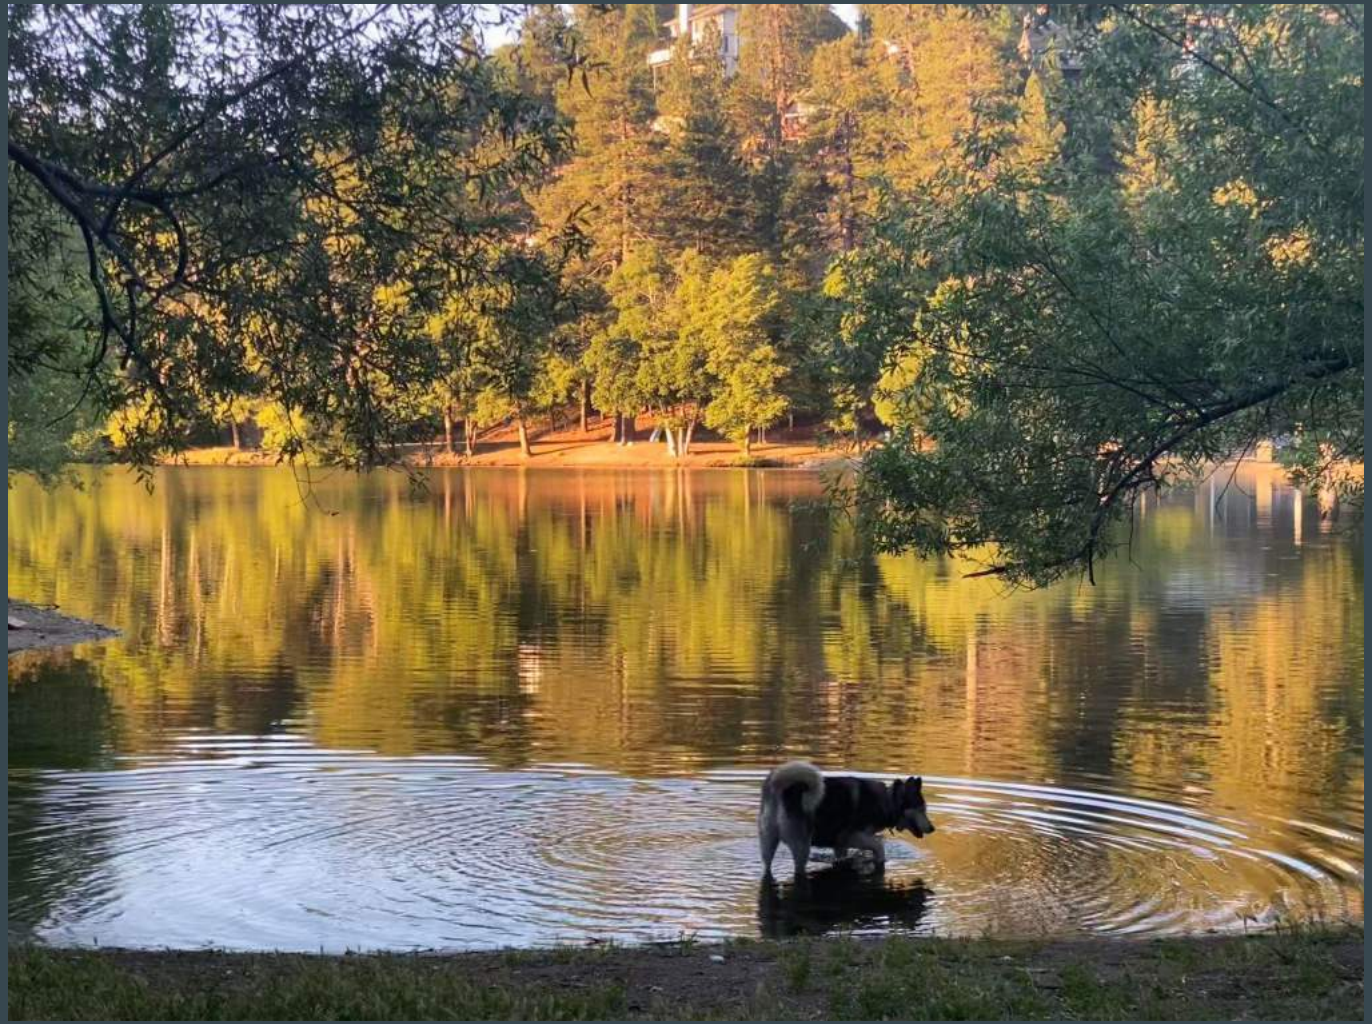

THE SEAS MAY SINK TOMORROW
THE OCEA

JAY

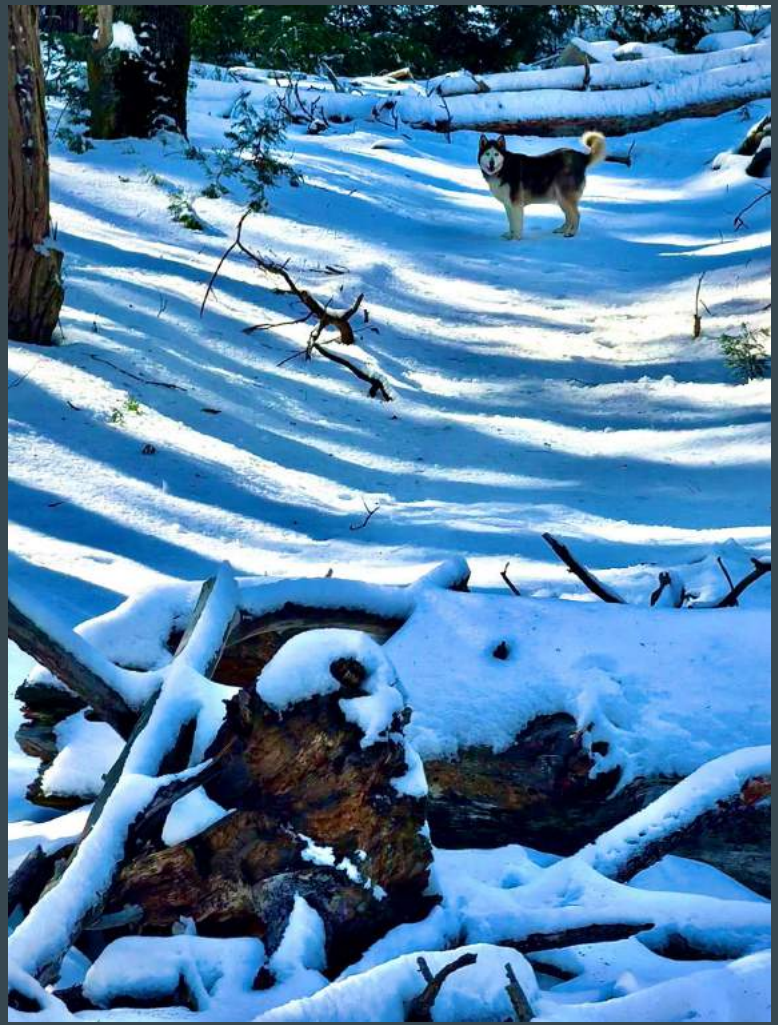

Thank you to Mike Nelson for the FEATURES examples!
