As the coronavirus situation continues to evolve, most of the chamber executives are leading their chamber membership to pass through the current difficulties, stand together to be stronger and to resist the turbulence and prepare for the recovery. So the next big question is what we should do after virus?

If your chamber plans to run an event in 2021, Citslinc can help you to get the income even in 2020. We started to develop several best seller trip destinations since last August, not copied any itineraries from other travel companies, we worked for several months in Vietnam and other countries to build up the working relation with these destination governments, constructed our destination management teams, cooperated with the local airlines, hotels and cruise companies, then, we finalized with a 10-day itinerary to Vietnam after we add up all necessary tour attractions in. Within three days, we got over 120 chambers signed up to go in 2020 and 2021. Before virus spread to the USA and Canada, Citslinc already had 9 group departures from Vancouver, Toronto, Seattle, Los Angeles, JFK, Washington Dulles gateway airports.

The original traditional street pattern still exists, as does the quay that once welcomed ships from all over East Asia and beyond. Many remained there for months at a time, waiting for favourable trade winds to carry them home. There are plenty of good restaurants offering a variety of cuisines and price levels. The town is also a good place for shopping for silk. You can have your clothes tailor-made within a day or two at reasonable cost.

The Cham craftsmen built a network of intricately-worked red brick columns heavily incised with figures and motifs as well as many striking statues. Their towers were badly bombed in the American war, but are still impressive, as is its remote valley setting. The complex is set in a quiet, richly forested area bisected by a clear stream. However, the tree cover is not complete and the valley acts as suntrap, so good sun protection is important.
