

Greenville Chamber

We conducted a Business Impact Survey and released the results last week. That link can be found here, and I've attached an accompanying infographic.

We are also conducting webinars to give people access to resources. Throughout the entire series, we've had an audience of over 700. Here is an example, you can find more on our blog!:

And lastly, I've linked our Employer Resource Guide. We've had almost 4,000 people view the page, and we're thrilled so many folks have received access to these resources!
