

## **Wilmington Chamber**

We send out weekly newsletters. In addition to that on Mondays, we have sent a daily (or almost daily now) email with pertinent information.

We created our own version of a membership renewal letter that started from one that ACCE had on their website.

We hosted Facebook Live Q&A sessions on: disinfecting your workplace, HR questions, mental health and self-care, working remotely, marketing, legislative updates, and more to come.

We adopted a new policy agenda that is COVID-19 specific (<https://www.wilmingtonchamber.org/advocacy-legislative-agenda>).

We're hosting Digital Dialogue events each week to facilitate some networking. We're exploring how we might host a larger event digitally.
