

# Creating a Comprehensive Medical Weight Loss Program in the Central Valley

**Wednesday, December 7, 2022**

12 – 1 p.m.

## Target Audience

Physicians, advanced practice clinicians, nurses, social workers, administrators and all interested care staff are welcome.

## Learning Objectives

- Define the disease of obesity and its complications.
- Review the epidemiology of obesity in the United States and how it affects different regions within California.
- Identify challenges of managing obesity, particularly in the primary care setting, and impacts on subspecialty care.
- Consider ways to bridge the care gap for patients with obesity.

## Register

To register or to learn more, please visit
