

Chronic Pain and Opioid Management, featuring Ariana Abid, MD

**CMEs available! CMEs from this event count
toward DEA Opioid Education requirement.**

Join the Medical Staff Office for a continuing medical education opportunity to learn:

- How opioids function and affect the body
- Terminology related to opioid use
- How to diagnose addiction and manage patients on opioids, including how to approach tapering
- How to approach difficult patients
- About the importance of adopting practice-wide strategies for opioid prescribing

Dr. Abid is a board-certified and fellowship-trained Addiction and Family Medicine physician who provides compassionate, cutting-edge therapies for high-risk pain management and addiction treatment services.
