

RESCHEDULED

Protecting Youth in a Digital World

The Hidden Risks of AI and Social Media

Artificial intelligence and social media platforms increasingly shape how youth learn, connect, and view the world. While these technologies offer opportunities, they also carry hidden risks from algorithmic influence to deepfakes, misinformation, and digital safety threats.

This session breaks down these dynamics in clear, accessible terms, offering actionable guidance on supporting healthier digital experiences for students.

Tuesday, Sept 15, 2026

6:30–8pm

WH Town Hall, Room 400

This presentation will be recorded. Register at <https://bit.ly/3OKu5pU> and receive a recording of the panel.
