

VOLUNTEER SPOTTLIGHT

Greta

LAUREL'S LOFT VOLUNTEER

We are so proud to introduce you to a long-time member of our community with a heart for education and service, Greta!

Greta's background is rooted in language and learning. Having taught ESL, French, and Spanish, she now spends her time substituting in the North Penn School District and is currently completing a certification in special education. When she isn't in the classroom, she is a dedicated mother who has spent years balancing her passion for helping others with her professional life.

For over 10 years, Greta has been a staple at Laurel's Loft, where she loves seeing the sense of community that forms over a shared love of fashionable bargains. For Greta, the thrift store is more than just a shop. The thrift shop offers a unique way to give valuable items a second life while shedding light on the importance of domestic violence awareness.

One of her favorite memories was watching three separate customers jump in to help a young man pick out the perfect birthday gift for his girlfriend: a small but heartwarming moment of connection that reminds her why this work matters.

Greta, thank you for your decade of dedication and for being such a bright light at Laurel's Loft. We are so lucky to have you on our team!
