LA COUNTY VIRTUAL ASSISTANCE

The [LA County Procurement Technical Assistance Center \(PTAC\)](#) offers one-on-one technical assistance and training to help businesses in Los Angeles County that are interested in local, state and federal government contracting. PTAC Counselors are available to help with vendor

registration, certification and finding opportunities. To schedule a free one-on-one virtual session, [click here](#) to sign up as a client.

Please continue checking your email for more resources and relevant updates from LINXS Constructors. If you have any questions, please email: opportunities@linxscjv.com.

Thank you,

LINXS Inclusivity/Certified Firms Outreach Team

ABOUT THE PROJECT

The Automated People Mover (APM) system will bring convenience and time-certainty for guests traveling to or from LAX. During peak hours, driverless trains will arrive at stations every two minutes. The trains will have wide doors for easy access with luggage, large windows for viewing, plenty of hand holds, and seats for those in need. Station platforms are open-air, light-filled and have escalators and elevators quick, convenient access to the terminals. The APM is the centerpiece of the Landside Access Modernization Program (LAMP), which also includes a Consolidated Rent-A-Car (ConRAC) facility, Intermodal Transportation Facilities, and associated roadway improvements. The APM will reduce vehicle congestion in the Central Terminal Area, provide a connection with L.A. Metro's regional transportation system, create new locations for passenger pick-up and drop-off, reduce emissions, and provide reliable access to the terminals.
