#### **Voting in LA County this November? Know Your Options.**

If you're voting in LA County this November, guess what, pretty soon you'll have more options on how to cast your ballot. As November approaches, and County residents consider their choices during the COVID-19 health crisis, LA County has added new options for voting. Beginning **October 6**, LA County will mail all registered voters a **Vote By Mail ballot**. In

addition to receiving the Vote by Mail Ballot, registered voters will also have multiple options for returning the ballot, such as:

- **Dropping it in a Vote by Mail drop box** location (which should be found in various civic & community buildings throughout the County);
- **Dropping it off at any Vote Center** in the County; or
- **Dropping it in the mail** (remember, no postage is necessary, but it does need to be postmarked by Election Day)

Also new this year - a tracking option! LA County voters will have the option of tracking their ballot through the free "**Where's My Ballot**" service. When you subscribe to the service you can request to receive personalized text messages, emails or automated voice messages on your Vote By Mail ballot.
