INVITE ONLY

Coronavirus Update: Telebriefing for Early Care and Education **Public Health Officials Provide Update on Novel Coronavirus (COVID-19)**

Public Health is seeing signs of stability in key indicators, including hospitalizations, deaths, and the 7-day average of positivity rate. As we begin to see the curve flattening again, we must remain cautious and attentive to the reality of COVID-19; it is not going away any time soon. If we return to life as we knew it before the pandemic hit, we will see cases, hospitalizations and deaths increase once again. The Los Angeles County Department of Public Health (Public Health) will be conducting a telebriefing to give you a situational update, explain key indicators that Public Health is monitoring closely to determine our recovery, and spend plenty of time answering your questions.

WHEN: Thursday, August 13, 2020
Time: 3:00 – 4:00 p.m. (PDT)
