This January and February 2021 have been busy working strategically to revitalize our Chamber Board in order to assist our Encino Chamber Business Community & Organizations to emerge from Covid 19 with strength and success.

Chamber members have received and continue to have access to all of the most recent available Small Business loan and grant information:

Starting at 6amT, Wednesday, Feb. 24, the U.S. Small Business Administration is launching a 14-day exclusive PPP loan application period for businesses and nonprofits with fewer than 20 employees.

This is part of the SBA's efforts to promote equitable relief for Mom-and Pop businesses during COVID-19. Link to [press release](#) –
