Indicate resident's usual performance using the scale below:

Admission report:

- Indicate the resident's *usual* performance over the first 3 days of the skilled stay.
- Identify one functional area as a goal target.

Discharge report:

• Indicate the resident's usual performance over the last 3 days of the skilled stay.

Remember:

- Prior device use should only indicate devices used *immediately* prior to admission.
- Utilize Reliant Rehabilitation's Prior Level of Function Questionnaire.
- Coding reflects resident's usual performance. Not their best or worst performance.
- Use of assistive device is allowed and does not affect score.
- All direct care staff can contribute to data collection.
- A "dash" indicates no information which can result in a 2% reduction in payment.
