## **Keynote Speaker: Rev. Dr. Robin Meyers**

### **Sermon: The Fierce Urgency of Now**

Our keynote speaker this year will be the Rev. Dr. Robin Meyers who is a nationally known United Church of Christ (UCC) pastor, professor, peace activist, and the author of seven books about progressive Christianity and American society. He has been the senior minister of Mayflower Congregational UCC church, in Oklahoma City, for 27 years. He is also Distinguished Professor Emeritus in the Philosophy and Rhetoric Department at Oklahoma City University.

Dr. Meyers lectures and gives workshops on church renewal around the country and is an award-winning commentator for NPR. His teaching and preaching offer a non-literal, non-dogmatic approach to Christianity, and his politics are neither left nor right, but rather subversive for the cause of love. He seeks to build a Beloved Community devoted to embodying peace and justice in a broken world. As a professor, he urges his students to think critically and fearlessly about the things they think they know. His method is Socratic, grounded in the belief that the truth is accessible, but often obscured, and that love is life's highest achievement. His books all revolve around questions of religion, ethics, and language--that is, around transcendence, morality, and the redemptive power of telling the truth.
