

On this page are the three internal and three external goals that the vestry has adopted from the Strategic Planning Committee's report. We anticipate the entire church deepening in ministry through these goals, but if you are especially drawn to one of them, we want to know! After prayerful consideration, please fill out this form, check the goal(s) that most speak to you, and return it to the office so that we can make sure you are included in further visioning and implementation.

Please give us your name and how best to reach you. After we have heard from other parishioners, we will contact you.
