COVID-19 Transition Team Superintendent Series: Strategies to Deal with our Realities

Mon. Jan. 11 Schedule

9-10am	Board/Community/ Staff/Union Relations	Superintendents will have opportunities to learn about successful strategies to navigate Board, Community, Staff, and Union relations during this pandemic. Come prepared to share your successes as well as the support you need on this topic.	Click Here to Register
12-1pm	Assessments	Assessment discussion and ideas about standardized assessment planning, implementation, and concerns. Advocacy opportunities and broad communication from the superintendents will be explored.	Click Here to Register
2-3pm	Health Metrics and IDPH Guidance Questions	Transition team members will share strategies on how they are using metrics and the IDPH guidance based on their own local, unique context. This session will be interactive to listen and learn from each other with the goal of giving superintendents strategies that embrace our reality with metrics at the local, regional, and state level.	Click Here to Register
4-5pm	Superintendent/ Staff Wellness and Support	In this session, you will have the opportunity to review threats to your health due to distress and what strategies you can employ to help yourself and others around you. In addition, strategies to help address staff morale and support will also be shared. Opportunities to network with colleagues statewide will also be included in the session.	Click Here to Register
