

3rd Quarter 2017

Building Department

Permitting, Plan Reviews, Inspections and Code Enforcement

Apps Update

The Building Department Apps continue to increase in popularity. They save time and paper, increase accuracy, and automatically email interested parties. To date, 41 Apps have been created, and are being used by the Building Inspectors, Engineering Inspectors, Permit Technicians, the Fire Marshal, Beautification Supervisor, and our newest users, our Code Enforcement Officers. We also have mobile printers for the immediate issuance of notices and citations on site. To the left are screen shots of 18 of our Apps on an iPhone.

Permit Numbers

SFR down over same quarter last year—50 vs. 98.

Commercial slightly down as well—15 vs. 22.

All permits up slightly for same period last year—659 vs. 638

Two projects starting to take shape, top photo is the Honda Dealership Facility located between the By-Pass and Cancer Treatment Center. Bottom photo is the Ortho Clinic, on Lower Fayetteville Rd. across from Summerlin Elementary School.
