PRAYER CONCERNS

NLPC staff member **Donna Heath's** brother just passed a little bit ago. He has had a very long struggle to try to recover but God finally called him home. Please pray for her and her family who have stood by and cared for him while hospitalized since June 13, 2021.

Rick Sackett: had a bicycle accident. Rick and Joyce are members. Here's the short version: My friend said I was unconscious for a short period of time as I remember very little of it. He expects about a 2-month recovery. The short version is the ambulance took me to the Leesburg hospital ER where they treated and admitted me until Thursday afternoon. Looks like I broke my right collarbone, 5 ribs, and my right pelvis has a stable fracture.

Pat Schoch: Praise that Pat is now at Buffalo Crossing.

Doug and Eleanor Brandow: As they travel for the purpose of an experimental study.

Diana Sparklin: House insurance to be settled, cost has escalated. Also for sister Helen in West Chester, PA, for peace and quiet.

Linda: received sad news today, she has tested positive for blood and bone cancer.
