

## RESIDENT ATTESTATION IF LEAVING COMMUNITY

Capri takes its role in protecting the health and safety of its residents seriously. At this time, there is an expanding outbreak of respiratory illness (COVID-19) caused by a new coronavirus in the area. The virus can spread from person-to-person. **Older adults and those with underlying medical conditions are especially at risk.**

Daily, federal and local public health officials are making recommendations to slow the spread of COVID-19. **Older persons are being told to stay home and away from other people and to avoid discretionary travel, shopping trips and social visits.** For this reason, we are asking that you DO NOT LEAVE the community.

If you wish to leave despite these recommendations, for the protection of other residents in the community and our employees, you agree to self-quarantine for 14 days after returning to the community. This means that you will remain in your apartment and cannot spend time in the community common spaces including, but not limited to, dining area, fitness space, libraries, front foyers, activity rooms, multi-purpose rooms, lobbies, and/or movie theaters. In addition, you will be subject to a screening procedure when returning to the community and agree you will notify us immediately if you experience any signs or symptoms of COVID-19.
