

Dear Gloucester Catholic Students, Families and Community,

Over the past months, we have been preparing to welcome our students, faculty and staff back to campus and reopen school in September. The global pandemic has changed the way we live and we adjust accordingly. To that end, you will find our reopening plan attached to this email. Our reopening plan was developed in coordination with the Diocese of Camden with the expectation that we reopen full time for in-person learning. We are following the New Jersey guidelines, the CDC, and local public health officials to ensure the safety of our students, families, faculty, staff and all members of our community as we reopen school. We are indebted to the members of the Planning Task Force for their input and expertise in developing the plan.

The success of our plan depends on all of us doing our part to respond with cooperation, patience and flexibility to the demands of our current situation. Gloucester Catholic is committed to safe, on-site, face-to-face learning. Our community will be called upon to embrace a spirit of shared Christian sacrifice and cooperation to keep our community safe and healthy. As always, we will walk together on this journey.

It is to be expected that as the pandemic continues to evolve, new guidance will demand that aspects of our plan may need to be adjusted. We will keep you all informed of any modifications as soon as possible. Our goal is to maintain the well-being, health and safety of our students, faculty and staff, as well as continue to offer the quality Catholic education that is our Gloucester Catholic tradition.

Thank you again for your cooperation, patience and flexibility. We look forward to the renewal of school life in September. Please continue to keep Gloucester Catholic in your prayers, as well as all those affected by COVID-19. Thank you again for your support.

Sincerely yours,

Ed Beckett
Principal
