

## **IMPORTANT NOTICE:**

**If you are using SteerCommand®, OnTrac3™,  
Paradyme® or Geosteer®**

On April 6, 2019, GPS time will experience a week rollover.

Systems on-up-to date  
firmware will not see any  
issues when this time is  
reached. If systems are not  
using up-to-date firmware,  
unlocks will appear as activated but expired and those unlock  
features will not be able to be used.

### **-Solution**

Update to the following firmware versions before April 2019.

- SteerCommand/ OnTrac3 v4.4.34114
- Paradyme v4.0.33954
- GeoSteer v2.0.33955

If your system is not up to date, contact us, 765.314.3276 and we will come update your system. **Do Not wait until you get to the field** to get this critical update!

**This is an IMPORTANT NOTICE for SteerCommand®,  
OnTrac3™, Paradyme® or Geosteer® users.**
