Affordable Home Construction Program

3353 C Street
Fort Myers, FL 33916

$219,000

About the Program

The City of Fort Myers established the Affordable Home Construction Program to increase the opportunities for homeownership for those individuals and families earning less than 120% of the area median income.

The City is partnering with local contractors for the construction of single-family homes ranging from 1,200 to 1,600 square feet on infill lots within the City. The homes are sold at the City's cost with no mark up in price for the buyer.
