Why The Mentoring Institute's Supervision Training Program is the Best Choice

While you might find other supervision training programs that cost less, none is a better value than The Mentoring Institute's Supervision Training Program. When you consider all the extras included in this program, you will find the cost actually less than that of other programs. Designed **exclusively** for Michigan LPCs who want to supervise LLPCs in Michigan, this program offers benefits not found in any other program. Here are ten reasons that you should select The Mentoring Institute's Program:

1. Dr. Donald Amidon and Dr. Sara Sue Schaeffer are Michigan LPCs and are highly experienced supervisors. Dr. Schaeffer is one of the main authors of Michigan's Counselor Licensure Law. She worked for 14 years to insure its passage. As first Chair of the Michigan Board of Counseling, she holds the first counselor license issued in the State of Michigan, and oversaw the process for writing the first Rules which still govern the implementation of the law. She is **the expert** on Michigan Counselor Licensing Law. You can count on the information presented being accurate, in-depth, reliable and up-to-date.
2. A copy of ***Counselor Licensure and Scope of Practice in Michigan: Historical Perspectives and Current Practice*** (authored by Dr. Schaeffer and Dr. Irene Ametrano, Program Chair of EMU's Counseling Program and past Vice-Chair of the Michigan Board of Counseling) is included **exclusively** in this program.
3. Other materials you will receive *only* in this program include a training DVD entitled ***Supervision: A Vision for Your Future***.
4. This program meets Michigan Board of Counseling requirements for supervisor training, and also counts toward training requirements for the Approved Clinical Supervisor (ACS) credential.
5. 40 NBCC-approved clock hours are awarded for this program.
6. All graduates of The Mentoring Institute's Supervisor Training Program receive support in establishing their supervision practice as well as the right to use the respected title ***Mentoring Institute Trained Supervisor (MITS)***.
7. **A free internet listing** to help potential supervisees find you. All ***MITS***s who so choose will be listed with contact information and a link to their web site on the Mentoring Institute's web site.
8. **Free on-going lifetime consultation** with trainers (a \$120 per hour value).
9. **One year free membership in the *Michigan Mental Health Counselors Association (MMHCA)*** so that you have the latest information on issues and

developments in the counseling profession. This information is critical for effective supervisors. (A \$100 value.)

10. This program is designed to more easily accommodate your busy schedule and budget with home study modules, Saturday training days, **breakfast and lunch included for all training days**, and most can attend without incurring the extra expense of overnight lodging.
