

Mary Butler

Mary L. Butler MBA MT (ASCP) is a medical device executive with extensive experience in product design, development and marketing. Mary holds a B.S. in Medical Technology from Findlay University, Findlay Ohio, an MBA from Xavier University, Cincinnati Ohio and an Advanced Strategic Management Certificate from IMD in Lausanne Switzerland.

Mary began her career in Laboratory Medicine where she led the development of an autologous blood bank program. She then directed laboratory services at a community health center supported by The University of Cincinnati Medical School. Mary moved into providing medical management services when she joined Medica, an integrated delivery system and coordination of care enterprise jointly owned by Tri-Health and Sisters of Mercy hospital systems, BCBS of Ohio and Humana Insurance companies and 85 independent primary care physicians.

In 2001, Mary was recruited to join Hill-Rom in Batesville, Indiana, the largest developer and manufacturer of hospital beds and patient care equipment. While at Hill-Rom, Mary developed a passion for product development, innovation and customer centric thinking. She proudly holds 9 US patents and served on the IP leadership team at Hill-Rom. Her responsibilities included global development and marketing of Hill-Rom's \$1B hospital beds and therapy equipment portfolio. In 2012, Mary joined Belimed, a global supplier of disinfection and sterilization equipment headquartered in Zug, Switzerland as the global VP of Product Management and Marketing. In 2014 she joined Dornier MedTech, a global urology company headquartered in Munich, Germany, as the VP of Program Management and Product Marketing. In 2015 she was promoted to Chief Technology Officer and moved to Germany to manage the R&D and marketing teams. Mary moved back to the US in late 2017 and resides in Charleston SC.

Mary enjoys traveling, outdoor activities, cooking and volunteering. She has recently been named the Vice Chairman of the Charleston of SCORE, a nationwide non-profit business mentoring program staffed by volunteer executives.
