

Origami Frame Album

Northwoods Book Arts Guild
Program Meeting: January 17, 2021

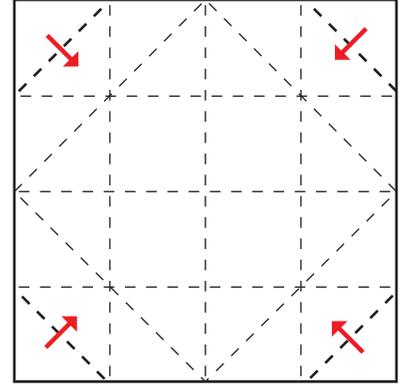

Materials: 4 sheets copy paper, 8.5 x 8.5"
4 pieces contrasting paper (card stock or construction paper), 4 1/8 x 4 1/8"
Tools: bone folder, ruler, and double-sided tape

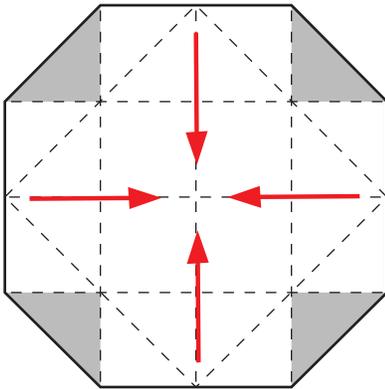

1. With right side down, fold into 16 equal squares.

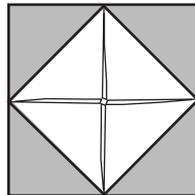

2. With right side up, fold 4 corners into center, then unfold.

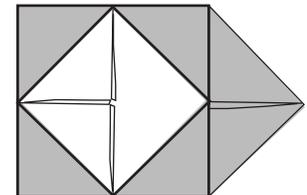

3. With right side down, fold all 4 corners to first line. Leave folded.

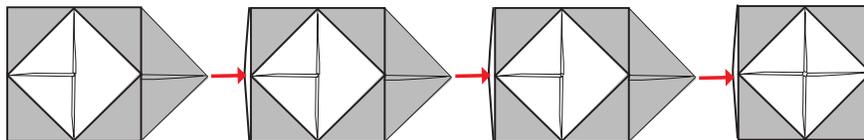

4. Bring in each side at the center and collapse along existing creases.

5. Collapsed and flattened, each frame will look like this.

6. Open up and flatten one side of 3 panels; these triangular projections are hinges which will connect the panels.

7. Join panels by inserting hinges into side pockets of the adjacent panels. Insert cardstock panels into the four corners of the panels. Use glue or double-sided tape secure hinges in place and to join open edges of the panels. Fold panels into accordion structure. Add cover if desired.
