AdventHealth Wellness Center and Day Spa Membership FAQs

Membership FAQs

Q: How will billing work?

A: Starting Monday, June 1st Day Spa and Wellness Center dues will be reinstated. For those who were billed in the month of March, you will receive a pro-rated credit towards your June dues. If you were not charged in the month of March you will be charged a prorated amount for your initial June dues on June 1 and then your standard dues on your regular billing date.

Here is an Example:

- If your last monthly membership was charged between March 1 and March 23, you will be charged on that same date in June. Your June charge will include a credit for the portion of March that we were closed. For example, if you were charged on March 12th, your charge on June 12th will include a credit for 26 days (since you paid for March 17 through April 11th when we were closed).
- If your normal charge date is between the 23rd and 31st of the month, you will be charged on June 1st for a prorated amount and on your normal date for normal invoice amount. For example, if you are charged on June 25th, you will be billed on June 1st and then your normal amount.

Q: Can I extend my freeze on my account?

A: Yes, members can extend their membership freeze if they wish to not return at the time of re-opening. We are honoring this extended freeze until August 31st and will continue to monitor these freezes.

Q: Can I cancel my membership?

A: You can place your account on a freeze. If you decide to cancel, we will honor your cancellation out of contract.

Q: What does limited capacity mean? Can I make a reservation to workout?

A: At this time, we are not requiring reservations. We will closely monitor capacity to ensure we can continually maintain the safest possible workout environment. If at such time that attendance increases to a point where we feel we need to further limit the number of members/guests entering, we will then implement a reservation system and communicate that process.

Q: Why are you not handing out towels?

A: To reduce the risk of cross contamination amongst members, we will not be handing out towels at this time.
