**Approval of previous meeting minutes and additions to current agenda:** No objections were made and the minutes were approved. There were no additions to the current agenda.

**Ellis County Breastfeeding Coalition sharing** – Monique Holmes presented information on their work to support milk donations, “Breastfeeding Welcome Here” enrollment and providing breastfeeding supplies. HaysMed is the location of a Mothers’ Milk Donation and Outreach Center; a partnership between the Ellis County Breastfeeding Coalition, HaysMed and Mothers’ Milk Bank in CO. For more information about donating human milk and for a list of milk depots in Kansas visit the KBC’s Resource page [“Milk Banking, Sharing and Donating”](#).

**HaysMed The University of Kansas Health System’s Baby-Friendly Journey update** – Jill Rozean & Jessica Seib presented updates on their progress and discussed their partnership with The University of Kansas Health System. HaysMed is working with their Baby Friendly Core Team and local community resources during the process. The local community can help hospitals by providing consistent messaging about the maternity care practices at the hospital so families are prepared.
