Note: This Zoom event will be recorded and video clips may be shared online.

This event celebrates our cutting-edge programming for people with Parkinson's disease, their family members, and care partners. Our support groups and pioneering arts-based programs provide community and connection to those touched by Parkinson's as they define what living with a chronic disease can look like. We honor their courage and commitment to living their lives as fully as possible and their involvement in our Parkinson's community.
