Education and training – online global sessions

BOSCH COMMUNICATIONS WEBINAR PROGRAM

Dear Colleagues and Customers,

We would like to invite you to participate in our upcoming webinar program. This is a great opportunity for you to experience and learn more about our system solutions.

A new session is offered each week, with the same session offered on Wednesday & Thursday. We are kicking off with a series of sessions during the months of April & May - more to follow this year! As space is limited, we encourage you to sign up for all sessions of interest.

To register for a session, please visit the following link:
