Retail store solution

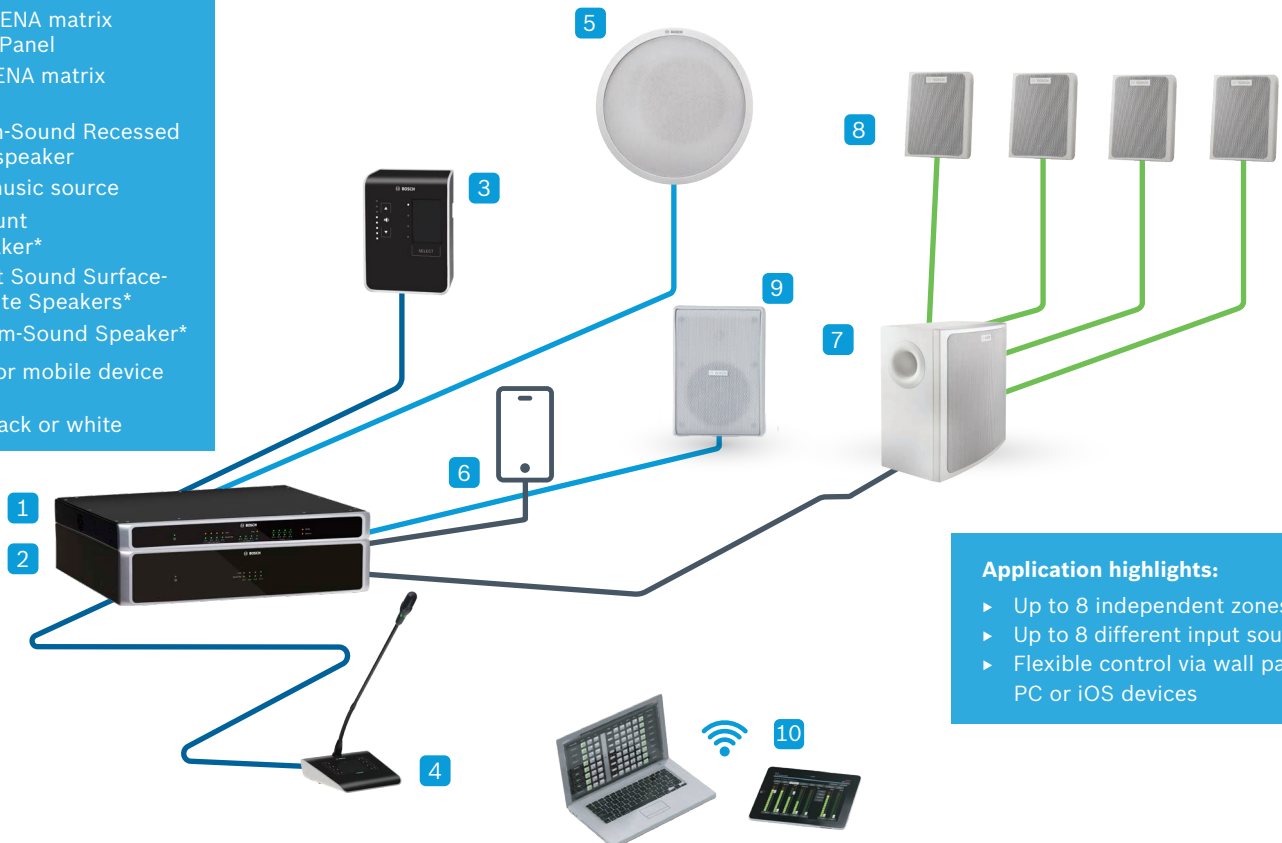

The right type of background or live music can make or break a shopping experience. A quality music and voice announcement system that can be heard loud and clear in different sections of a retail store is essential to set the right mood for shopping. In a busy retail store with different sections, this can be challenging, but not for the PLENA matrix. This stylish system packs enough powerful audio quality to hit exactly the right note for the perfect shopping experience.

Sample System Design Based on PLENA matrix

- 1 PLM-8M8 PLENA matrix
8 Channel DSP Matrix Mixer
- 2 PLENA matrix DSP
Power Amplifier
