

ANNOUNCEMENT TO REGIONS: UHF BTR PRODUCT STATEMENT

New 3 Band, E88 and Oct. 13, 2018 actions

RTS STATEMENTS FOR BTR-800 AND BTR-80N PRODUCTS

For purposes of this document, when the phrase 'North America' is used, it specifically includes the US and Canada. The following information is to reinforce previous a communication from RTS entitled: "**Customer Support and Planning: FCC UHF Spectrum Auction and Beyond.**"

In North America, RTS will ensure we do not ship past the October 20, 2018 FCC mandated end of sale date. To ensure compliance, RTS will stop shipping affected products for the North American markets on October 13, 2018. **After October 13, 2018, RTS will no longer sell 617-652 MHz and 663-698 MHz frequencies in North America.**

NOTE: There is a global UHF market that is unaffected by the North American governmental rules in the US and Canada. RTS will continue to manufacture and ship the entire suite of BTR-800 / BTR-80N UHF products destined for non-North American sales.

The North American programs RTS has put in place and sent out are:

- **Peace of Mind:** Extended Warranty Program that may be purchased from RTS
- **Rebate Program:** RTS is offering authorized dealers a \$1,500 rebate off MSRP and dealer net price for the purchase of a new RTS wireless solution, for each of your UHF systems that has been affected the FCC spectrum auction
- **New Bands Being Created:** 70 new 3 Band products being created by RTS
- **Hybrid UHF / VHF:** product family in development (BANDS - FD, FE, HE)

QUESTIONS?
