# AUTOMATED NIGHT WATCH SURVEILLANCE KITS

## DETECTION AND DETERRENCE

Experience unparalleled security with Automated Night Watch – the revolutionary analytics-driven solution engineered for precision and efficiency. Seamlessly integrated for your peace of mind day or night, its multi-imager technology swiftly detects motion, alerts the PTZ, and activates the white light illuminator to deter potential intruders. But it doesn't end there. Immediate audio intervention with recorded or live messages played through a nearby loudspeaker may deter unauthorized individuals before the authorities need to be alerted. Take control with Automated Night Watch and step into the future of security.

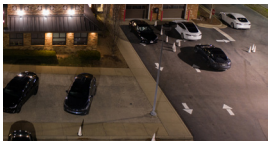

- Multi-imager equipped with deep neural network detectors gets the PTZ pointed in the right direction.
- AI Intelligent Tracking provides high pixel density on the intended target while ignoring other object types.
- White light illuminator allows the camera to see better, but, more importantly, lets the intruder know they are being watched.
- IP speaker (ordered separately) adds a level of engagement and deterrence.

### Typical applications:

Retail parking lots

Car dealerships

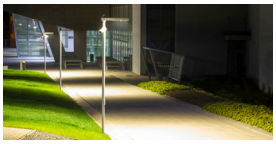

Equipment storage

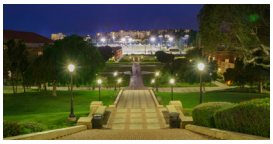

Athletic fields

Agricultural spaces

Corporate campuses

College campuses

Private aviation

Construction sites

Mobile surveillance

**Built-in artificial intelligence (AI)**

Intelligent Video Analytics (IVA) Pro Perimeter

**Exceptional imaging**

starlight, IR with LED illuminator (up to 1804 ft)

**Robust design**

Resists shocks, vibration, and corrosion

**Trusted**

Highest built quality and data security

**Imaging device specifications:**

| | | 2MP Sensor size | Lens | Image stabilization algorithm | fps | HDR | starlight | IR w/LED illuminator | IVA Pro Perimeter |
|---|---|---|---|---|---|---|---|---|---|
| **MIC-7602-Z30WR** | HD 1080p (1920x1080) | 1/2" CMOS sensor | 30X 6.6 - 198 mm | ● | 30 fps | ● | ● | 1804 ft. | ● |

| | | 4MP 4 x 3 MP | AVF | Lens | fps | HDR | Built-in Audio | IR | IVA Pro Perimeter |
|---|---|---|---|---|---|---|---|---|---|
| **NDM-7702-AL** | HD 1080p (1920x1080) | ● | 3.7 - 7.7 mm | 30 fps | ● | ● | 90 ft. | ● | |

## Ordering guide:

Pole mount kit
**KIT-ANW-POL**

Corner mount kit
**KIT-ANW-CNR**

**IP Horn Loudspeaker (ordered separately)**

Long throw
**LHN_UC15L-SIP**

Wide angle
**LHN-UC15W-SIP**

## Each kit includes:

- **Hardware**
- **Push notifications**
- **Mounting brackets**
- **Storage**
- **Licensing**
- **Pro Services**
- **No server required**
