## **ARE YOU A HOMEOWNER WITH A VACANT ACCESSORY DWELLING UNIT (ADU) AND LOOKING FOR A QUALIFIED TENANT?**

Consider applying to the LA ADU Accelerator Program to get your unit rented.

The LA ADU Accelerator Program is a one-stop-shop for homeowners interested in renting their ADUs. This program pairs older adults with homeowners willing to provide a stable home by offering their ADUs as affordable rentals. In exchange, homeowners receive benefits such as qualified tenant referrals, tenant case management, and stable rental payments. Whether homeowners are first-time or experienced landlords, they'll find the program beneficial at nearly every step of the rental process.
