**Subject:** Public Hearing Comment: IFF Proposal

Dear California Department of Aging,

My name is [Your Name], and I am a caregiver/family member of an older adult in Los Angeles County. I am writing because I am deeply worried about what these proposed funding changes could mean for the person I care for and so many others.

The services they receive—meals, senior programs, and support—are essential to their health and well-being. These programs help them stay safe, connected, and able to live at home. Without them, the burden on families like mine becomes overwhelming, and their quality of life is at risk.

For us, this program means:

**[Example: “The meals they receive are often the only reliable nutrition they have.” or “The senior center gives them a reason to get out of the house and not feel alone.”]**

Please, I urge you to **pause and carefully review this funding formula** to ensure it is fair and accurate. Most importantly, please ensure that **no seniors lose services or are harmed by these changes.**

Families like mine are doing everything we can, but we cannot do this alone. These services make it possible for our loved ones to live with dignity.

Thank you for your time and consideration.

Sincerely,

[Your Name]
