Risk Management Academy

Registration Now Open!

Federated Insurance is offering complimentary risk management training for all industries on November 5-7, 2019. Through this valuable session, you will discover methods you can use immediately to help protect profits by reducing risk at your business.

Companies that are the most successful at controlling losses and protecting profits have integrated risk management into their overall company culture. Many have designated a key person as their risk manager. This person is supported by your company's top management and is both responsible and accountable for identifying loss exposures and implementing risk management solutions.

This seminar's objective is to help your risk manager learn the exposures specific to All Industries, connect with peers from across the country and apply these best practices within your business.

"Attending this training is one of the best investments you can make to help protect your business and its bottom line!" 2019 RMA Attendee
