

# THE LEHMANNS

LOCAL INVESTMENT- NATIONAL INFLUENCE

## \$TEADY PROGRESS

Have you read about the revival at Asbury University? It's pretty exciting and encouraging right? God is at work, always!! We've been praying with many leaders around the country for another GREAT AWAKENING. Will you pray with us?

This past month Steve has been busy with support raising. He spent a week in Michigan speaking at churches and meeting with alumni and other partners. We are making steady progress. Please keep praying for God's provision for us. We would really love to talk to you, even if it's over zoom and give you an update. When would be a good time for you?

As a national staffer, Belkis does not have the opportunity to give fulltime attention to support raising. Her job just keeps going. This past month she traveled to Alabama to train the staff and student leaders of the University of Alabama XA group (see below). She also had the special treat of brunch and the Jesus Revolution movie with the local XA staff gals (pictured above).

Please pray for this support raising season. Pray that God will release his provision to us through those he has called.

Thanks for your partnership!

Steve and Belkis

## FATHER HEART OF GOD

Just before taking off to Michigan, Steve had the privilege and honor of speaking at the Winston-Salem XA Spring Retreat on the Father heart of God. This is a topic close to Steve's heart, and it is such a powerful message to students.

*Please pray for the seeds sown in the hearts of students to take root and grow.*

## UNIVERSITY OF ALABAMA

Belkis and Bri traveled to Tuscaloosa, Alabama in early February. Belkis taught for four hours on Friday and five on Saturday. Bri helped with the teaching and took care of Belkis when she was accidentally fed food with wheat in it. Through it all, God touched hearts and equipped this group to reach every student.

*Please pray for courage in the hearts of staff and students alike. Pray that they will put into effect that which they've learned.*

**Have you watched "Pastor on the Porch"? Steve goes live on Facebook Monday and Fridays at 9AM EST with encouragement, songs, and hymns. During his trip to Michigan he stayed with our wonderful friends and long-time ministry partners Earl and JoAnne Sobeck. Listen in for some great hymns and another example of how God turns strangers into family.**
