TEDC Welcomes McKayley Dannelley as Administrative Assistant

McKayley Dannelley joined the Tomball Economic Development Corporation (TEDC) in September in the role of Administrative Assistant. Dannelley is an experienced customer service and sales professional.

Dannelley brings a passion for business and people to the customer-facing administrative position. She most recently worked for SS Graphics as a customer service representative and executive assistant to the Chief Operating Officer.

"This job fits me. I love working with customers, talking to people," said Dannelley. "I'm an upbeat person. I enjoy being that smiling face that people see."

Raised in nearby Magnolia, Dannelley has spent plenty of time enjoying Tomball's commerce and amenities. She is excited for the opportunity to bring her knowledge and passion of the area to the job.

“Growing up, Tomball was the place to go. If we went to shop or eat, we went to Tomball,” added Dannelley. “Everything you could ask for is here. You don’t have to go far to find what you want or need.”

The TEDC welcomes Dannelley’s enthusiasm and experience to the team. She is responsible for administrative, clerical, financial and bookkeeping duties, in addition to supporting the TEDC staff and board with reports and tasks that assist in business recruitment and retention efforts of the TEDC.

“McKayley is a wonderful addition to the office. She brings valuable experience and a passion for Tomball. I look forward to watching her grow and deliver key contributions to our growing economy,” said Kelly Violette, TEDC Executive Director.
