

"The E4 Carolinas program was transformational, providing a leadership development experience, rather than leadership training. It focused on people and behavior, plus provided learning across the industry."

"My company leadership learning was complimented by the E4 Carolinas' program which held me accountable for my leadership development objectives and provided me unique energy industry insight."

"I grew tremendously with this unique program. Future participants should expect a chance for serious development, and expanded knowledge and networks at a crucial time in the energy industry."

Nuclear Energy Leaders Program 2020

Nuclear Energy Leaders- 2020

E4 Carolinas Member Price: \$3,600
Non Member Price: \$4,600

About Leadership Energy Carolinas

E4 Carolinas' Nuclear Energy Leaders Program is recognized by Carolina energy companies and organizations as a premier energy leadership credential. E4 Carolinas guides participants in mastering personal energy industry leadership skills. Graduates become members of the Carolina Energy Leadership Alumni Network, and remain connected with leadership alumni throughout their careers.

Participants will:

Build knowledge of nuclear energy generation and power industry research, innovation, technology, production, transmission, distribution and regulation.

Complete a leadership pattern assessment early in the year and with this learn their leadership archetype, how to manage it and how to produce valuable results from their business interactions, developing robust leadership and communication skill.

Establish an extensive network of Energy Professionals through which they may create value for themselves and their organization.

Requirements – Applicants are recognized by their company or organization as a leader or soon to be leader. They have an energy industry passion with a strong desire to grow their knowledge, master their personal leadership skills and develop their Carolina energy network. *Class size may be limited to 30 participants..*

The Program

One orientation day and four multi-day events (Tuesday-Wednesday) On Tuesdays the Program will start at 8 am. Please block both days on your calendar.

Programs occur in:

Charlotte (2/4) - Graduation/Kick-Off
Columbia (3/24-25)
Charlotte (6/2-3)
Raleigh (8/11-12)
Aiken (12/1-2)

A personal leadership development experience at most events. Plus experiential learning through plant and construction site tours and briefings from companies such as Siemens, Duke Energy, EPRI, Westinghouse, ABB and more. Presentations from industry leaders featuring topics on nuclear energy, natural gas, coal, hydro, solar, wind, bio-mass, distributed generation, regulation, research and more.

To ensure your place in the program, submit a completed application and Manager Recommendation form to KellyPerkins@E4carolinas.org by December 20, 2019.

Meeting travel and lodging costs are the responsibility of the participant.
