T&H Services awarded Major Subcontract by Choctaw Defense Services on \$95M US Coast Guard Contract in Kodiak, AK

Choctaw Defense Services teamed with T&H Services, a wholly-owned subsidiary of the Tlingit Haida Tribal Business Corporation (THTBC), to build a winning team to pursue the US Coast Guard Base Kodiak and U.S. Navy Special Warfare Base contract. The strategic effort paid off when Choctaw was awarded the \$95M prime contract on July 10, 2017, with T&H Services as their major subcontractor.

The U.S. Coast Guard Base, Kodiak, Alaska, the largest of the Coast Guard bases, encompasses approximately 21,500 acres, including 400 buildings and structures totaling more than 2.5 million square feet of floor space.

Choctaw is currently phasing in the contract in Kodiak with the assistance of T&H Services. A job fair will be held at the Best Western Kodiak Inn and Convention Center on November 6th and 7th from 2:00 pm to 9:00 pm to connect with potential candidates. All job seekers are strongly encouraged to attend.

Choctaw and T&H Services will collectively provide maintenance and janitorial, sanitation, grounds maintenance, roadway and sewer maintenance and repair, fuel services, air programs, environmental management, vehicle and motorized equipment maintenance, maintenance of the central heating plant, waste water and water treatment plants, mail, shipping and receiving, housing maintenance, pest control, gate security guard services, air station vehicles and equipment, and alarm and fire suppression systems and other support services.

T&H Services was strategically selected by Choctaw to join their team due to their stellar past-performance, outstanding corporate structure, and ability to provide best-in-class services at a very competitive price. THTBC's family of companies has served the U.S. Army, Navy, Air Force and Coast Guard in a myriad of capacities and has received numerous accolades for its services including Army Department of Public Works Contractor of the Year as well as perfect CPAR ratings for three years in a row.

T&H Services is an SBA-certified, tribally-owned 8(a) small business subsidiary of THTBC with offices in Washington, Colorado, Virginia and Alaska. THTBC acquired KIRA Inc in 2016, a best-in-class base operations support contractor with over 30 years' experience providing services to the United States Government. THTBC now has over 20 subsidiary companies, including T&H Services, that hold multiple contracts in the United States and abroad.

###

THTBC is a wholly owned business enterprise of Central Council Tlingit Haida Indian Tribes of Alaska whose mission is to engage in, carry on and conduct business to improve the economic condition of the Tribe.
