

# WORK SAFER WITH SMARTER ERGONOMICS

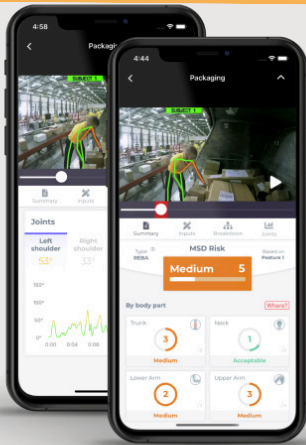

Faster Insights · Consistent Results · Better Prevention

## Workplace Ergonomic Assessments

Improve employee well-being and productivity with ergonomic assessments designed to create healthier, more efficient workplaces.

MSA Safety Consultants can now offer enhanced ergonomic evaluations using the TuMeke Ergonomics Program — a new tool that delivers faster, more consistent insights to help identify risks and support proactive safety solutions.

### Posture Analysis

### Real World Workplace Assessments

### Objective Risk Scoring

## Why TuMeke Ergonomics?

- Enhanced ergonomic evaluations delivered by MSA Safety Consultants
- Video based ergonomic risk assessments with objective scoring
- Clear, actionable insights that drive practical improvements
- Built-in ROI analysis to estimate injury costs and savings
- Standardized evaluations across operations
