Enjoy a 30-minute helicopter flight over the Boteti River or extend the flight into the Makgadikgadi Pans on a 60-minute flight. Our partners at Helicopter Horizons will remove the doors providing uninterrupted views and close up angles of the unique landscape. A scenic flight is not just a must for keen photographers but an exciting opportunity to gain insight into the uniqueness of the Boteti River on the edge of the dry Makgadikgadi National Park.

Departing from Leroo La Tau, the 30-minute flight concentrates on the Boteti River which forms the western boundary to the Makgadikgadi Pans National Park. The flight will allow travellers to enjoy the annual zebra migration from a unique perspective as thousands of zebra make their way onto the river banks to drink.

The flight includes a stop on the pans allowing guests to walk on the pans and experience their expansiveness from the ground.
