

Amani African Spa Village

AT MARA BUSHTOPS

BUSHTOPS
SAFARI CAMPS

Continent winner for Luxury Safari Spa

The Amani African Spa Village, adapting its multiple award-winning formula to the magic of a Mara Bushtops setting.

The Spa adds a unique level of luxurious pampering for Mara Bushtops guests. As you contemplate the delights of your safari adventure or silver service dinner, what better way to let the cares of the world slip from your shoulders than a spell in the spa.

Spa Facilities

Within the soothing confines of the Spa, rejuvenating massages, hydrotherapy and a range of holistic skin and body treatments are complemented by a fitness facility, complete with high-tech cardiovascular and weight training equipment.

A sauna, rasul steam room (featuring multi-sensory Arabian mud cleansing treatments) and hot jacuzzi vie for attention with a solar heated infinity pool – with beds inside the pool complete with water jets! There is also a cold plunge pool to take the edge of the heat. And to wind down, there is the simple glory of our wooden relaxation deck, providing uninterrupted views of the camp's salt lick and the majestic African Bush.

Spa Treatments

This is where the 'luxury' part of our promise to you comes to glorious life. We offer a range of delights, embracing Amani signature spa treatments, luxurious body treatments, sensational journeys, a massage collection, deluxe facials and hand and foot rituals.

Alongside the bliss-inducing attentions of our fully-trained Spa staff, sensory perfection is achieved using Terres d'Afrique organic skincare products. These combine advanced phyto-technology with inspiration from the traditional use of African plants.

Guests at Mara Bushtops receive complimentary membership of the Spa, which includes the use of the solar heated swimming pool, cold pool, jacuzzi, sauna, rasul and gym (fees apply for treatments, and massages)
