

Unveiling the new Chilo Tented Camp Experience at Mahove

Amidst the rugged allure of the wilderness, guests can now indulge in the epitome of contemporary comfort. Discover the newly expanded tented camp, designed with two distinct clusters – one boasting four inviting guest tents, and the other featuring two guest tents with a separate dining and kitchen area for each cluster. This thoughtful enhancement assures an unparalleled, intimate safari experience.

The transformation extends to the tents themselves, now offering double the space and featuring upgraded, generously sized en-suite bathrooms. The addition of stretch-tents over main areas seamlessly blends modernity with the primal charm of the bush camp, ensuring an experience that's as luxurious as it is authentic.

Guests can combine the excitement of game walks from the Tented Camp with the laid-back charm of staying at Chilo Gorge Safari Lodge. Discover all the options on our multi-night Gonarezhou safari packages.
