Public Service Announcement – Family

Attention – Family members interested in developing emotional intelligence skills to address current issues and challenges. Do you experience hesitation talking with your spouse/children/parents? Have you observed unpredictable behaviors in family members? Are you looking for ways to help regulate reactive impulses in home situations? Then we invite you to our upcoming 22nd Annual Emotional Intelligence Conference!

What: 22nd Annual Emotional Intelligence Conference and Pre-Conference Certification Workshop.

When: Pre-Conference Workshop Feb 3 – 5, 2025; Conference Feb 6 – 8, 2025.

Where: On the beautiful Island Campus of Texas A&M University-Corpus Christi in person, or virtual if needed!

Emotional intelligence is about managing your own emotions and constructively responding to the emotions of others. The dynamic, 45-year research-derived, energizing Transformative Emotional Intelligence Model that we'll be discussing will help you to better understand and support your family members' emotional needs. By developing emotional intelligence you can improve relationships, learn to be better attuned to family members, and be more connected. Transformative Emotional Intelligence is about mindfully maintaining a healthy social-emotional environment in and out of your home.

At our 22nd Annual Emotional Intelligence Conference, you will have the opportunity to hear from experts in the field of emotional intelligence and learn practical strategies to better support yourself, your spouse, children, adolescents, and parents. Transformative Emotional Intelligence is about thriving and understanding family dynamics through life's challenges. You will have the chance to network with mental health professionals and others who are well versed in the field of emotional intelligence.

Our conference is designed to help you create a more emotionally supportive and inclusive learning environment to deal with family challenges and improve family–work–school–life balance. Please join us!
