

CRC Exam Preparation Workshop

Facilitator: Beth Gaertner
Email: gaertnere@uwstout.edu

Course Description

This workshop provides you a unique opportunity to prepare for the CRC exam and practice taking computerized tests similar to the CRC. The online learning format allows you to access material nearly anywhere and anytime Internet access is available

Instructional Methods

Modules:

The modules for this workshop follow the domain areas indicated in the CRC certification guide. To begin the course, we have listed all of the domains below. Only the first domain will be made available to start. Each week, access will be made available to one or two new domains until you have access to all twelve. We post these units weekly so that you are not overwhelmed with all of them at one time.

Discussions:

Within each module, our discussion boards are designed to encourage interactive learning by fostering collaboration among peers. Participants actively share valuable knowledge, insights, and experiences, enhancing the learning experience for all involved.

Quizzes:

We provide one quiz for each domain, which you can take before and/or after you study the content. You can take this quiz as many times as you want. The final exam will include some of the previous questions, but it will also contain many questions that you have not seen before in the specific modules. The quizzes we provide in this workshop are ones that we have created to help you become more confident in the material and in taking large exams. The questions we ask you are not from the CRC exam.

Virtual Study Halls:

The facilitator will schedule one study hall per week via zoom, aligning with the availability of the majority of participants. These sessions primarily address concerns related to test-taking anxiety and general CRC Exam preparation. Each study hall is recorded for later viewing.

CRC Domains

Week 1:

- Professional Orientation and Ethical Practice

Week 2:

- Counseling Theories, Techniques, and Evidence-Based Practice

Week 3:

- Group and Family Counseling
- Crisis and Trauma Counseling, and Interventions

- Comprehensive Exam

Course Policies

Cancellation Policy

A full refund will be given up to one week after the start of a workshop; after that no refunds will be given. Failure to pay the full workshop fee within 14 days from the start date will result in suspended access to the workshop until payment is received in full. ALL Course payments are non-transferrable, and refundable only according to our cancellation policy.

Accessibility Statement

Our online courses are developed with accessibility in mind, and we regularly have participants with disabilities take our courses. All audio content is also provided in writing, and our Course Management System, Canvas, can be used with screen readers such as JAWS. Please send inquiries to svri_training@uwstout.edu with accessibility concerns.
