“Reach high, for stars lie hidden in your soul. Dream deep, For every dream

Jean-Claude Lovinsky was an employee of Iona University for more than 30 years until his untimely death in 2007. He was committed to his job, to the New Rochelle community, to Holy Family Church and to his native Haiti. His friends and family continue to honor his memory by:

- Awarding scholarships to qualified Iona University students, particularly those of Caribbean descent, who demonstrate true humanitarian character.
- Recognizing faculty, staff and alumni of Iona University who demonstrate joyful service on campus.
- Encouraging acts of charity and volunteerism within the New Rochelle, Westchester, and Caribbean-American communities.
