honored to serve the City of Columbus. I have been active in the community for years, working in local organizations as a social worker, volunteering with various agencies (such as the Central Ohio Restored Citizens' Collaborative), and building relationships with the local area commissions. I would bring a wide array of passion to this role as I love this city and the people in it. Simply put, the reason I want this role is to have the opportunity to speak on behalf of the most vulnerable in our city. My experience with those that have been justice-involved, unhoused, or deeply involved in our mental health system has led me to see the need for action in these areas. As a council member, I would want to focus on fair housing and affordable housing for seniors, families, and individuals living off of the land. I would want to listen to city planners about the history of segregation and redlining in our city. We can learn together from past mistakes and come together to change it. I believe that our seniors need much more support and access to resources such as housing, healthy food, and healthcare. Individuals with a criminal background need to be seen and supported, as we have hundreds of individuals released in the state of Ohio every few months. Lastly, I love my neighbors, and I would consider it a privilege to represent them.
