By signing this application, I attest to the following: 1. I am a qualified elector (registered voter). 2. You have been a resident in the district for which you’re seeking office for one year. 3. That you do not hold any other public office except that of a notary public, member of the state militia, or any reserve unit of the United States Armed Forces.

resumé demonstrates that I work and volunteer where the mission aligns with my values, and my experiences have shaped me as a leader, advocate and community member.

I am passionate about our community. This is where I have learned about raising a family, union organizing, advocating for civil and migrant worker rights. In striving for equity, through actively listening, amplifying voices, and leaning into the guidance from elders and youth I have deepened my connections within Columbus and District 7. I recognize the long and storied history of the community I serve and always seek to be worthy of the trust placed in me. These collective experiences have guided my seven years on the Near East Area Commission, including two and a half years as Chair, where we worked tirelessly to improve transparency—such as streamlining our project review process to better serve our community, developers and City Council.

Today, Columbus faces significant challenges: housing affordability, community safety, and quality of life. These issues require innovative solutions informed by diverse perspectives. I have taken the time to learn our city’s past, understand its present, and plan for its future.

If given the opportunity to serve on Columbus City Council, I will be a present, prudent decision-maker who centers equity, collaboration, and progress. Together, we will create opportunities for all residents to thrive —improving health outcomes, advancing education, and ensuring prosperity for everyone. Let’s work together to build a stronger Columbus.
